

CONTRIBUTING TO SUSTAINABLE REINTEGRATION OF VICTIMS OF TRAFFICKING IN ALBANIA

PHOTO: © IOM/THOMAS MORAN, 2003

The project was part of the UN Annual Work plan for the Output 2.5 Gender Based Violence. More specifically it corresponded to the Gender Outputs for which the Swedish funds have been earmarked, namely Capacity of institutions and service providers to implement legislation and normative standards on Elimination of Violence against Women (EVAW) and other forms of discrimination is strengthened.

Development and adoption of standards of social care for reintegration process of victims of trafficking was one of the important tools that directly contribute to a sustainable reintegration of victims of trafficking and a concrete action was taken towards implementation of the National Strategy for the Reintegration of victims of trafficking adopted in February 2016.
